Club Transition Process 2026-2027

Overview:

- Leadership Eligibility
- Club Leadership Roles
- Timelines
- Transition Process
- Business Plans
- Club Trainings
- Event Submissions

Leadership Eligibility

To ensure that Simon Business School clubs and organizations have leadership that genuinely represents and serves their members, leadership selection and transitions must be carried out with integrity and fairness. The process should foster collaboration, respect, and transparency, benefiting the entire Simon community.

Clubs and organizations are required to provide evidence of fair and transparent selection processes, in accordance with the guidelines outlined below.

✦ **Matriculated Student**

Must be a matriculated student at Simon Business School.

✦ **Active Club Member**

Priority is given to current, active members of the club/organization who have paid their dues for the year.

✦ **Good Academic Standing**

Must be in good academic standing with a GPA of 3.0 or higher. If a student's GPA is below 3.0, they may appeal to the Assistant Dean of Students for consideration. However, the student must achieve a GPA of 3.0 or higher by the start of Spring B term to remain eligible.

Students with academic integrity or student conduct violations are not eligible to run for leadership positions.

✦ **Approval by Ainslie OSE & Benet CMC**

A selected club/organization leader will only be announced after receiving approval from the Ainslie Office of Student Engagement and the Benet Career Management Center (*for Professional Clubs*).

✦ **2 Club Leadership Positions Max**

A student may only hold two leadership positions within clubs/organizations, this includes holding a Benet Career Peer (BCP) position.

Graduate Business Council Only*

The Graduate Business Council (GBC) requires two additional eligibility requirements:

- To be considered for a GBC position, students must meet with the outgoing GBC member who currently holds the position.
- Students selected for GBC are not permitted to hold a Benet Career Peer (BCP) position.
- Students must hold a 3.1 GPA.

Simon Clubs and Organizations

Professional Organizations

Simon School Venture Fund (SSVF)*
Simon Vision Consulting (SVC)*

Things to Note:

*Professional Organizations: operate differently than Professional Clubs:

- Each organization requires students to apply and be selected in order to become official members, rather than allowing anyone to sign up as a club member.

**Simon Accounting Association is formed later in Fall A, with a focus on MS club leadership, and membership joint with University of Rochester undergraduates.

Club Leadership Roles

Refer below for available roles in Simon's clubs and organizations.

Professional Clubs

President
VP of Finance and Operations
VP of Marketing and Communications

Things to Note:

- All Call for Platform submission forms will be created and monitored by the Student Life Team.
- All club leaders will not be announced until approved by Ainslie OSE and Benet CMC.
- Fall A events submitted will be returned as approved or denied before Spring A finals conclude.

Transition Process

Transition Meetings with Previous Board

- The new and old board must have at least **two** transition meetings together
 - Topics to discuss should include the cadence of board meetings, advice for event planning and coordination, an overview of the year's events (what went well, what did not, budget spent, biggest needs, where to work most with advisors, etc.).
- Each new role must have **at least** one 1:1 meeting with the second year MBA who previously held that position to go over specific duties in that role, advice, and to answer any questions .

Business Plan Creation

New club boards will be given a business plan template to create for the 2026-2027 academic year. These plans will require clubs to create and submit:

- Club leadership board members and roles
- The club's mission and goals
- Projected club dues + budget
 - *Breakdown of where this funding is going*
- Events for the year
 - Each event will ask to include a budget, dates, times, and WIFM (what's in it for me) for attendees

Each club will be given:

- A breakdown of events per mini-mester
 - Including sign-ups, attendees, and other logistics submitted in SimonSource
- Previous years business plans
- A meeting with a club's advisor(s) will be **required** to be scheduled to review the business plan draft, discuss expectations, and establish methods of accountability

Things to Note:

- Deadlines for Business Plan drafts will be shared for each club by specific club advisors.
- Meetings with club advisors to review the final draft of business plans should occur prior to April 17.

Things to Note:

- Fall A refresher trainings for each role will occur in Fall A. Dates will be shared in Summer 2026.

Event Submissions

No Spring B Events

New club boards will not organize or host any new events during Spring B. This period will be dedicated to creating business plans, pre-planning for Fall A, and collaborating with club advisors on logistics and best practices.

Event Submission Timelines

Fall A Events

- The VP of Events and Partnerships can submit events for Fall A once business plans are approved by advisors in Spring B.
 - Events for Fall A are to be submitted by Thursday, April 30.
- Events must be submitted 3 weeks in advance via SimonSource.
- Submitting events before summer internships is recommended, as it allows incoming students to see what's planned and helps avoid trying to manage these tasks during the summer.

Event Submission Deadlines:

- Fall B event dates: Submitted in early October
- Spring A event dates: Submitted in early December
- Spring B event dates: Submitted in early February

Essential Tips & Advice

- Schedule a strategy session with club advisors to design impactful programming that aligns with student and market needs. Avoid simply repeating events from previous years.
- Focus on quality over quantity by prioritizing meaningful events over a large number of activities.
- Encourage collaboration across club types, such as integrating cultural or global topics into professional club programming.

THANK YOU!

We appreciate the time and dedication it takes to be a student leader, to improve the #SimonStrong student experience, and strengthen the impact of our Simon clubs and organizations.
