

Club Deliverables & Expectations

As a Simon club leader, you and your board are expected to meet key responsibilities throughout the year. Please review the overview below for guidance.

Board Meetings

Your board is required to meet at least twice per mini-mester, with your club advisor(s) invited to attend

Suggestions for Effective Meetings:

- Consider meeting on a bi-weekly basis
- Prepare an agenda in advance and take meeting notes
- Meet in person whenever possible to encourage collaboration and engagement

Events

Your club is required to host at least one event per mini-mester. Failure to do so will result in your club's budget being frozen.

Event Guidelines:

- All events must be submitted in SimonSource at least three weeks in advance for approval
- Events must be included in your club's approved business plan to proceed
- Any new events not listed in the original plan must receive additional approval from your club advisor(s)

Simon Alumni

If you plan to invite Simon alumni to an event, you must follow the Alumni Outreach & Vetting Request process in coordination with your club advisor(s)

Club Finances

Each VP of Finance is responsible for completing a monthly audit, assisting with student reimbursements, and sending all invoices to Kam McMillian to ensure the club budget remains accurate and up to date

- Failure to meet these responsibilities may result in the freezing of club funds

MBA Reps & MS VP Positions

In the fall, your club will have the opportunity to interview and appoint a first-year MBA representative and two MS VPs to your board

- When new members are added, their roles should be treated as meaningful leadership positions. They should be welcomed with respect and intentionally integrated into your board as valued team members
